

20250325 - Slight Changes to CruisE application

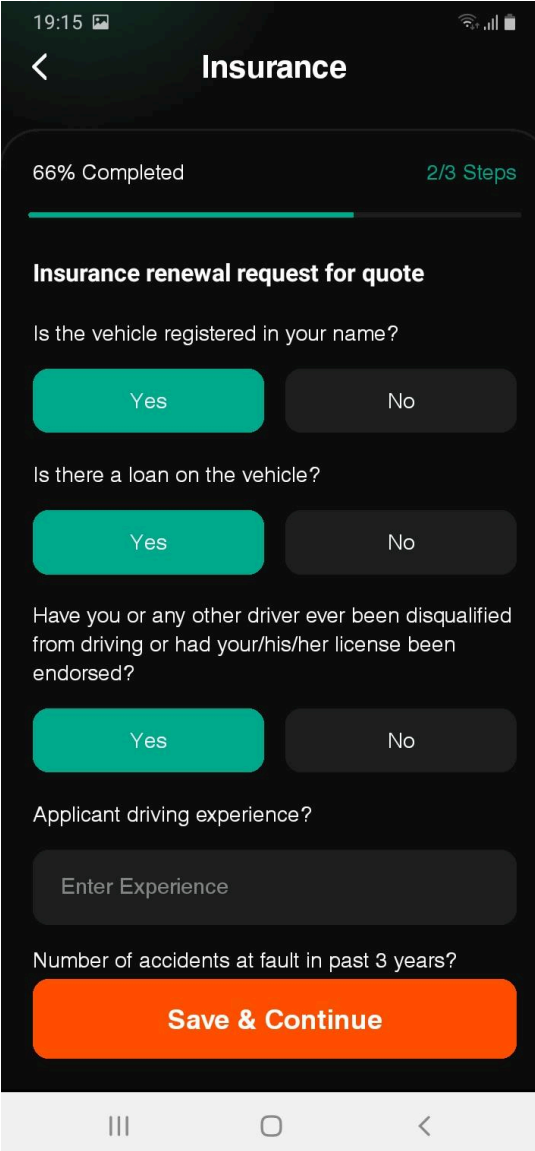

1. The Insurance Renewal Status Button is located in the 'Account' tab of the application.

For a better user experience, move the button to the Home tab, under insurance, just after the 'Request for Quote for Renewal' button.

Also, remove the  button in the Insurance Renewal List screen. No use there.

2. Send the information captured to the Insurance Manager and accessible in his Insurance Manager back end screen.
