

20250326 - List of Pending items to finalise Application Cruise

1. For this report, the list of expenses in report format should take the existing data from the Fuel Refill and Service only from the home screen.

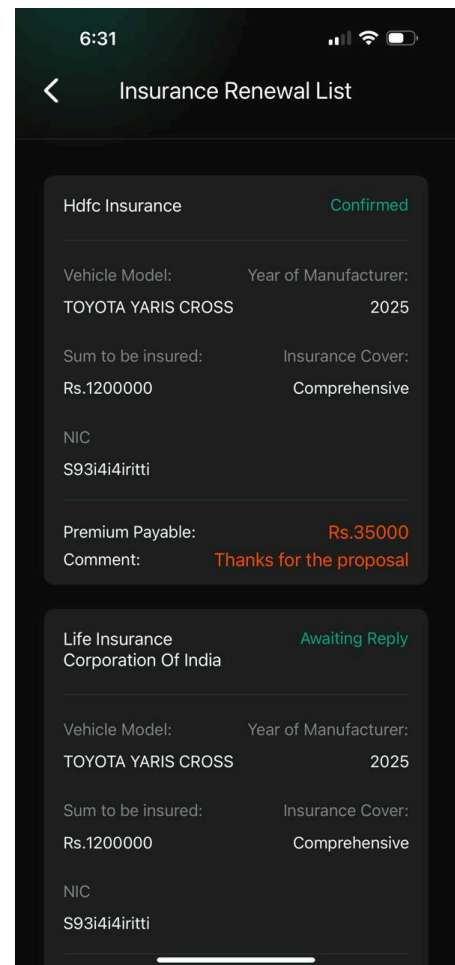

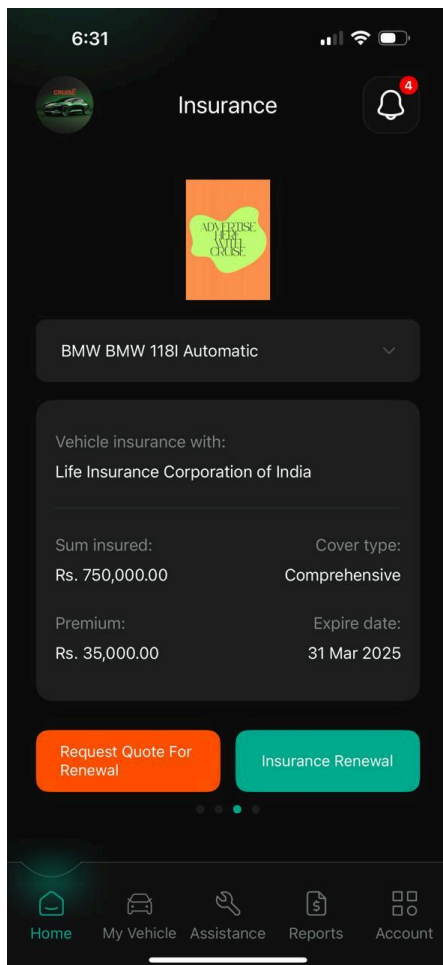

From the filter screen, to remove the 'Select Transmission Type' button and the 'Insurance' from the drop down list. To add one 'Expense type' which is 'ALL'.

The data to bring in the information captured from the home screen option for Fuel Refill and Add Service menus. 'ALL' should bring in all information captured in the order of date expense has been recorded.

The Report 'Compare your Expenses' should show in column format as shown with the following data: Report Date (ok), Expense Type (Fuel Refill or Service type), Expenses Rs. (ok). To remove 'Liter' and 'Mileage'

2. The response/status of insurance needs to show for the vehicle selected. When BMW is selected and Insurance Renewal clicked, it shows for Toyota. It should show for BMW only if BMW is selected.

Insert a drop down in the top screen of the 'Insurance Renewal List' screen to select 'ALL' for all vehicles owned or to select the vehicle to check the status.

3. The certificate uploaded for the user should be visible by the insurance user in the summary screen above when all is confirmed.

4. The fuel type selection here is also pending. Insert the Fuel Type just after the date.
As a reminder, the Fuel Litres is calculated based on the Fuel Cost Refilled divided by the Fuel Type Cost as per the cost entered in the Fuel cost. (to be created as per previous discussions).

A mobile application screenshot of a 'Fuel Refill' form. The form is displayed on a dark background. At the top, there is a back arrow and the title 'Fuel Refill'. Below the title, there is a 'Vehicle' dropdown menu. The date field is set to '2025-03-26' and is highlighted with an orange rectangle. Below the date, there are input fields for 'Fuel Cost Refilled (Rs)', 'Fuel (Liters)', 'Mileage at the time of refill', and an 'Upload receipt' button with an upload icon. At the bottom of the form is a large orange 'Submit' button.

A web application screenshot of the 'Edit Fuel Used' form. The browser address bar shows the URL 'cruise-mu.com/public/admin/vehicle-management/fuel-type/edit/2'. The page has a dark sidebar with a navigation menu including 'Brand', 'Model', 'Fuel Used', 'Transmission Type', 'Engine Capacity', 'Insurance Management', 'Insurance Cover Type', 'Insurance Cover Period', 'Insurance Renewal', 'Service Provider Manager', 'Banner Management', 'Report Manager', 'CMS Management', 'Help & Support', 'Notifications Management', and 'Settings Management'. The main content area is titled 'Edit Fuel Used' and contains two input fields: 'Fuel Used Name' with the value 'Petrol' and 'Fuel Cost' with the value '66.20'. Below these fields are 'Submit' and 'Cancel' buttons. The top right of the page shows a user profile for 'Welcome Admin user Administrator' and a breadcrumb trail 'Dashboard / Fuel Used List / Add'.

5. When the vehicle owner has confirmed the insurance and inserted comments, the insurance user should see the vehicle user comments on this screen.
